General's Statement Does Not Deal With Specific Questions and to the Strength of the Regulars—Must Develop the National Guard and Organized Reserves, He Says

WASHINGTON, Feb. 23.—A new "economic principle" to govern peace time maintenance of all branches of the army regulars, national guard or organized reserves was laid today by General Pershing before the house sub-committee on army appropriations. The general's statement did not deal with specific questions as to the strength of the regular army during the coming fiscal year, but he said that "in view of a possible reduction" in army strength consideration of the development of a national army from an economic standpoint became especially important.

COMMITTEE SAYS DIRIGIBLE ZR-2 WAS DEFICIENT

Structural Weakness Was Discovered in the Ship

(By The Associated Press.) LONDON, Feb. 23.—The buckling of certain girders amidships of the dirigible ZR-2, later named the R-38, on her third trial was significant as being the first indication of the existence of the dangerous stresses, reports the Aeronautical Research Committee declaring the accident to the dirigible on August 24, 1921, was due to structural weakness. The report further shows that the committee is of the opinion that the action of the late flight of Lieutenant Pritchard in steadying the ship and relieving the stresses saved the dirigible on that flight.

Oscar Nelson, treasurer of Kane county, is thus far the only announced candidate for Republican nomination for State treasurer. If Mr. Nelson secures that post without opposition he will be a lucky man.
"The recent business depression" is the optimistic way in which

one journal refers to the business situation. The continued use of that phrase would have its effect in making business better, for the state of mind has quite a lot to do with business conditions.
A car of corn has already been loaded at Bluffs for the famine sufferers in Europe. Other shipments are to be made and thus again substantial proof of the generosity of Scott county people is afforded.
The securing of the old fair grounds for the Morgan County Fair association makes certain the return of the county fair with some of its old time grandeur. "Certain" is the word if a plan can be adopted for restoring the race track. A county fair without races can have interesting features but a race track will increase the interest many fold.
The state authorities have done a favor to Morgan county in making this arrangement possible.
Senator Reed would have Ambassador Harvey recalled from England and an effort made to forget his recent speech. The Miss-

ouri senator thinks that the ambassador is too strongly pro-British. That is a matter for proof but there is no need for proof that Mr. Harvey does too much talking. Even the English papers suggest that the ambassador would have done well to hold down his recent address at the Balfour reception to about half its length.

It is estimated that 98 per cent of the manufacturing in the United States is done in small shops. The much derided octopus is not so much of a menace as we have been led to suppose.

Assistance to the railroads by giving them a share in Government credit is proposed by Secretary of Commerce Hoover. He suggests that the Treasury guarantee the equipment trust certificates held by the Government and now being disposed of to bankers. If that were done the securities would be made more attractive to investors, and the roads would be able to raise additional funds for purchase of needed rolling stock. Mr. Hoover declares there is ample precedent for the action in the credit that has been already extended to farmers in the guaranteeing of farm loan bonds.

"Democratic campaign managers are out with boasts that they will redeem some of the Congressional elections they lost in November, 1920. They probably will," says the Republican Publicity Association. "The election of 1920 was an extraordinary outburst of public indignation. We had just come through eight years of the worst extravagance and waste in the history of any nation. We had endured bureaucracy as it had never been known before. We had seen the policies of the government shaped by men who refused to prepare for war when war was impending or to prepare for peace when peace was certain. Naturally there were thousands of Democrats who refused to give even a passive endorsement to such management of the nation's business. It is impossible that the Democratic party will ever again go before the country with as much of a handicap as it had in 1920, and, therefore, it is not at all likely that as many Democrats will ever again vote the Republican ticket. "But that is not admitting that there is a possibility of the Democrats winning a majority of the House of Representatives in 1922. Far from it. Out of 435 members of the House there are now 301 Republicans. The House is Republican by more than two to one. In the preceding Congress there were 220 Republicans and 190 Democrats in the House, a majority of 40 as compared with the present majority of 169.

REPUTATION— THEN WHAT?

Many of us are waiting fearfully, with our fingers in our ears, like the old folks on an unresisted Fourth of July, for the explosion in Europe. Something will have to blow up soon, we think—and then what? What will happen when inflated foreign currencies reach the bursting point—and burst? Paul Clay, in Forbes Magazine (N. Y.), says better times will come after repudiation. He writes: "The final—collapse of an over-extended money system—always brings comparative prosperity as soon as the laws for enforcing the circulation of assets are repealed; Japan entered a long era of prosperity after 1887, when the irredeemable paper notes became exchangeable for silver; Argentina entered into a boom shortly after the monetary reform of 1899; and following the repeal, on November 1, 1896, of the Sherman silver purchase act, our own foreign trade expanded by leaps and bounds."

Fire of unknown origin totally destroyed a large shed and its contents at the home of A. L. Black, 1224 South East street at an early hour this (Friday) morning.

The fire was discovered about 12:50 o'clock and the entire structure was in flames. The fire department made a quick run but was unable to save the building or contents owing to the headway the flames had gained.

The loss will amount to several thousand dollars on building and contents. There is some insurance but Mr. Black does not believe it will cover the loss.

MADE ADDRESS ON AFFAIRS IN MEXICO

Rev. A. P. Howells Was Heard With Interest at Kiwanis Club

At the noon-day luncheon of the Kiwanis club at the Peacock Inn Thursday, Rev. A. P. Howells, pastor of the First Baptist church, gave a stereoscopic lecture on Mexico. The minister is familiar with the history of that land and the present day conditions, and the lecture proved very informing.

Edward Tomlinson was chairman of the week's program committee and presided. The attendance prizes were awarded to Dr. W. L. Frank and John M. Butler. Among the guests of the day was Dr. Frank P. Norbury of Springfield.

At the conclusion of Mr. Howells' address Ferdinand Oldham of the State School for the Blind sang a group of songs with great ability.

Mr. Howells said that while the population of Mexico is nearly 14,000,000 that most of the wealth of the country is in the hands of 7,000 families. He emphasized the fact that there is no middle class in Mexico, and that people are considered rich or poor. There is untold mineral wealth in Mexico and there are great possibilities for the country if only the needed development can come from an educational program.

Mr. Howells said that it is the duty of the United States to assist in this educational program and that any interest taken will bring its certain reward.

Leavening Strength Tells the Story
The price you pay for baking powder doesn't determine the results you will have on bake day—
it's the leavening strength that counts.

You may buy a baking powder for less than Calumet and think you are practicing economy. Don't be misled—the bakings you spoil will make those that are successful exorbitant in cost.

CALUMET BAKING POWDER

has successfully proven, during the past thirty years, that it contains more than the ordinary leavening strength. That's why bakings where it is employed never fail to raise properly.

Calumet is used by more housewives, leading chefs, domestic scientists, restaurants, hotels and railroads than any other brand. Millions buy it—you should try it.

A pound can of Calumet contains full 16 oz. Some baking powder come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

A Lavatory in the Bed Room

A growing necessity. No piece of furniture could add more to real convenience.

Enamelled or vitrified—both kinds are made in such handsome designs and are so beautiful in finish that they harmonize perfectly with the furnishings. And, convenient!

Just a suggestion. Think it over.

INDOOR CARNIVAL AT LITERBERRY CHURCH

Goodly Sum Realized by Clio Circle of Christian Church at Carnival in Church Basement.

The indoor carnival which members of the Clio Circle of the Literberry Christian church gave Wednesday evening in the church basement was a very successful event. The unfavorable weather interfered somewhat with attendance, but the various attractions enjoyed liberal patronage, with the result that about \$60 will be added to the treasury.

The general committee in charge of the affair included Mrs. James Petefish, chairman; Mrs. Fred Henderson, Mrs. Claude Petefish and Miss May Myers. The rooms were very prettily decorated with red cherries and tiny hatchets, a great deal of time being devoted to the task of arranging these decorations.

One of the features was a donation store, where various articles donated by circle members were offered for sale. This was in charge of Mrs. Grace Litter, Mrs. Wilma Petefish, Mrs. W. V. Young, Mrs. A. Ratliff and Miss May Martin.

Earl Myers had on display a group of trained animals which performed a number of very clever tricks. The "rabbit" was represented by Blanche Louise Ratliff, the "sheep" by Emma Belle Petefish and the "bear" by Eugene Young. The wild man of Borneo was Landis Young.

The beauty parlor was presided over by Misses Georgia Ogle and Helma Litter, while Mrs. Ethel Henderson was in charge of the Old Curiosity Shop. The booths where candy and pop corn were sold was in charge of Mrs. Clyde Lewis and Mrs. Jesse Petefish.

Among the other attractions were: Midgets, Paul G. Ogle and Anna May Stice; snake charmer, Miss Georgia Litter; fortune teller, Lora Petefish; bearded lady, Mrs. Lulu Henderson; fat lady, Mrs. Claude Petefish; organ grinder, Walter Long; his monkey, Harry Henderson.

SON OF ROSE BLAZEK ASKS FOR INJUNCTION

(By The Associated Press)
CHICAGO, Feb. 23.—Declaring that references to him as the son of two mothers has caused him much embarrassment and made him the subject of contempt, Frank Blazek today filed a petition for an injunction against the manager of his mother, Rose Blazek, one of the Bohemian "Siamese Twins."

According to the petition the twins, Rose and Josefa, who are naturally joined together, entered into a contract in Berlin to appear in America for three years. Frank was not mentioned in the contract but accompanied his mother.

When the twins appeared on the stage it was charged, the manager forced the boy to sit in the audience and would call attention to him during the performance. The petition also said that the twins have received \$200 a week salary and the boy nothing.

GIVES OPINION IN LEVIN CASE

Attorney T. D. Masters Tells State Civil Service Commission Does Not Have to Allow Inspection of Records—Supreme Court May Rule on Opinion.

SPRINGFIELD, Ill., Feb. 23.—Attorney Thomas D. Masters of Springfield, acting as attorney for the state civil service commission has given President Purdum of that commission an opinion in which he holds that the agent of the Civil Service Reform League of Chicago has no legal right to inspect or copy from the records of the commission. The demand grows out of the Levin matter.

Isadore Levin was discharged as the secretary of the commission last September. He demanded a trial alleging that he had been discharged for political reasons. At the hearing Levin's attorney sought to coerce the board to produce its records and files asserting that such records would prove Levin's contentions. Attorney Masters then acting for the commission advised that neither Levin nor any other member of the public could legally demand an inspection or production of the records. Mandamus proceedings will be instituted in the supreme court at the April term to test the question.

FINANCIAL STORM HITS FOUR MORE WALL STREET FIRMS

Millions of Dollars Are Involved in Failures Today

(By The Associated Press)
NEW YORK, Feb. 23.—Financial storms in speculative Wall street which swept the brokerage firm of Kardos & Burke into bankruptcy last night hit four more houses today. Involuntary petitions in bankruptcy were filed in federal court against:

S. S. Ruskay & Co.; liabilities estimated at \$2,500,000 and assets at \$1,500,000.

J. W. Ball & Co.; liabilities estimated at \$150,000 and assets at \$10,000.

Rodney & Co.; liabilities and assets not given.

The New York curb market announced suspension of Rasmussen & Co., for alleged failure to meet its engagements.

A steady stream of failures for the last month with resultant heavy loss to customers throughout the United States and Canada recently led District Attorney Bauman to start an investigation of alleged irregular practices by brokers, the most common of which was alleged to be the bucketing of orders.

Of thirty or more firms that have gone into bankruptcy since the first of the year 12 have been found by grand juries to have operated in a manner to warrant indictment of some of their members. Nineteen persons are under indictment and several are reported to have disappeared.

Former U. S. Treasurer William C. Clegg, attached to the Kardos & Burke failure because the junior member of the firm, John Burke, was treasurer of the United States under former President Wilson.

He resigned that post in 1921 to go into business with Kardos, a 28 years old broker who started in Wall street eight years ago as a \$10 a week messenger boy.

H. H. BANCROFT WAS WHITE HALL SPEAKER

Local Man Addressed Brotherhood of Presbyterian Church at Recent Meeting.

White Hall, Feb. 22.—The February session of the Brotherhood in the chapel of the Presbyterian church Tuesday evening was addressed by H. H. Bancroft of Jacksonville, who discoursed on "The Constitutional Convention and George Washington." There were suitable introductory remarks by the president, Clyde Sloan, and there was a vocal number by Mrs. Edna Vosseller Erb, accompanied by Miss Mildred Morrow.

Mr. Bancroft spoke of his frequent visit to White Hall, and added that for people always have recovered from his visits. Speaking of George Washington, he said: "You are all familiar with Washington as a young man, as a general and as president, but have you ever thought of him as president of the Constitutional Convention?" The speaker briefly reviewed his career as commander of the American army during the revolution, and stated his desire to dwell upon Washington's labors as president of the great deliberative body that convened in Philadelphia May 27, 1787, and completed its labors September 17, 1787. The speaker explained the helplessness of the central government under the old articles of confederation. There was no provision for paying the debts incurred by the confederation and the several states in carrying on the Revolutionary War. Washington was unanimously elected president of the constitutional convention, which met in Independence hall. The principles of our government were born in the New England town meeting.

John Adams, a Puritan, moved that an Episcopal clergyman open the convention in prayer. This heated religious differences. The members of this convention were familiar with the Greek city republics, the Roman republic, the medieval city republics of Italy, and the English limited monarchy the unwritten constitution of Englishmen under Magna Charta and the unwritten constitution of England. The discussions were very heated, and for a long time it looked like the convention was going to break up in a row. The compromise on the two houses of congress was based on representation by states in the senate and representation by population in the house. Three of the 39 members refused to sign the constitution.

Deleware always heads the parade on inauguration day at Washington because it was the first state to ratify the constitution.

The convention held its sessions behind closed doors. The minutes were not published at the time, nor for many years afterward. The notes were turned over to George Washington to be kept in his possession in secret during the two years of heated discussion that followed before the constitution was ratified by the states. James Madison kept a journal of the convention, his seat being in front of Washington's chair, and he never missed a session. His widow sold his journal to the U. S. Government for \$30,000 and they have been published.

Gladstone said that the U. S. constitution is the greatest work that ever flowed from the pen of inexperienced men in a given period of time.

It has safely carried us through 132 years of history and the storm of a mighty civil conflict and the stress of the great world war.

The speaker stressed on the crying need of education to prepare for American citizenship, and recited the story of Washington's matchless leadership in the Revolution.

Washington took no part in any of the debates in the constitutional convention. He only expressed an opinion on the one question of number of persons required to select one representative to the lower house.

Franklin, in his speech at the close of the convention, when 36 members had finished singing it, said: "Mr. President, that picture over there (referring to a painting hanging on the wall) is that of a sun. I did not know for a long time whether it was a setting or a rising sun. Now, Mr. President, I know it is a rising sun."

Funeral Services for Late Rev. J. P. Hillerby to be Held at 3 O'clock This Afternoon at Grace M. E. Church—Sketch of Life of Deceased.

The funeral services will be conducted at 3 o'clock this afternoon from Grace M. E. church, with which the deceased had been identified for forty-seven years. Dr. J. R. Harker will have charge of the services, assisted by Rev. E. L. Pletcher and Rev. T. H. Tull. Other ministers from Jacksonville and vicinity will serve as honorary pall bearers.

Rev. Mr. Hillerby, who was nearly ninety years of age, was readmitted into full connection with the Illinois Methodist conference two years ago as a mark of honor. Several years ago the deceased prepared the following facts about his life:

"John Pickering Hillerby was born at Driffield County of Yorkshire, England, July 10, 1832; was the first born of a large family, all of whom died in infancy excepting George, Henry and Elizabeth.

"I was educated mostly at Pickering, Yorkshire and converted there under a revival conducted by John Castello an Evangelist March 1845 and was a stone mason by trade, who preached whenever he had contracts for work.

"I was then I have no doubt called to preach, for all my thoughts turned that way; and my ambition was to be a successful minister of the gospel. I was apprenticed to learn the dry goods and grocery business at 13 years old and was afterwards employed in trade at Sheffield, Scarborough, Halifax and York up to the Spring of 1855.

"I was licensed to preach at Sheffield on trial when 19 years of age, and was admitted as a local preacher at Halifax. Emigrated to the United States in May 1855; was employed to preach in Connecticut under the presiding elder in the New York last conference May 1855 to May 1856 at Washington Hill and N. Canton, Conn. I came west to Illinois Conference, and was admitted at Quincy on trial. Bishop Simpson presiding Sept. 1856. Was junior preacher first

at Carrollton with N. Cloud 1856 to 1857, from 1857 to 1858 was junior preacher with L. Groves 1858 to 1859; traveled Talono Ct. in charge.

"Married Sept. 19, 1859 an estimable and truly pious woman, Miss Jane Collins who lived to bless my home for nearly 42 years and died Sept. 6, 1901, leaving three children, Carroll S., Luella M., and Mary E.

"1859 to 1869 traveled Arcola Circuit; 1860 to 1861 traveled Windsor Circuit; 1861 to 1862 traveled Shelbyville Circuit; 1862 to 1864, traveled Astoria Circuit; 1864 to April 1865, Hardin Circuit. Had to resign it on account of the poor health of my wife. This break I considered temporary; but I have not since regularly filled appointments from the conference excepting 1868 to 1869 served one year at Clermont in the N. W. Indiana Conference, then located and took work again in Illinois Conference in 1879, on Bismark Circuit. After this I located as I could

not regularly travel, much to my regret for I felt it to be my life work. Preached Until 1916.

"However I supplied under the presiding Elder, Ridgefarm 1869 to 1870, Mt. Sterling 1881 to 1882, James Chapel, Decatur 1882 to 1883, Exeter Circuit 1884 to 1885, Waverly Circuit 1888 to 1889, Beverly Circuit 1899 to 1900, Summit Grove Circuit Feb. 1, 1901 to Sept. 1901, Milton Circuit Oct. 1901 to Oct. 1902. The Styles in Rings

There is a correct style in rings as in everything else, although changes are neither frequent nor radical—rather more along the lines of increasing the beauty of a ring or a refinement of setting to enhance the brilliance of a setting.

For the Ladies

The newer style mountings are the pierced design and the intricate filigree work with settings of Topaz, Aquamarine, Golden White Sapphire, Ruby or Cameo.

For the Men

The newer style mountings are the heavy Gypsy design and also the pierced form, with settings of odd shape stones such as Sardonix, Topaz, Bloodstone or Ruby.

We are showing a line of these newer rings, very beautiful and pleasing in workmanship and setting. The prices now are quite reasonable, and for gift presentation we could not at this time recommend anything more acceptable.

FAIR ASSOCIATION TO USE FAIR GROUNDS

Morgan County Fair Association Secures Use of Old Fair Grounds for Period of Two Years.

As a result of a conference in Springfield yesterday, arrangements were made for the use of the old Morgan county fair grounds by the Morgan County Fair association. The plan was suggested by the Morgan county farm bureau and had the approval of Colonel O. C. Smith, managing officer of the State School for the Deaf, the old fair grounds being a part of the land holdings of that institution.

Yesterday Colonel Smith and Charles S. Black, president of the Morgan county farm bureau, journeyed to Springfield to formally present the matter to officials of the department of public welfare. As a result of this conference a contract was made for the use of the grounds by the fair association for a two year period.

By the terms of the agreement the fair association can rebuild the race track if it wishes to do so. This would be quite an expensive matter and it is not likely that the fair association will undertake it unless some special assistance is given by persons especially interested in horses. The action taken with reference to the ground makes the officers of the fair association feel that the success of the fair for at least the next two years is now a matter of certainty.

The Ideal Heater where a quick, economical means of auxiliary heating is needed for any room in the house during the chilly portions of the day after fire in the furnace is discontinued—Economical, efficient, attractive

The Welsbach Gas Heater is the perfect fire with which to replace the troublesome open fire, or unsatisfactory heater which you may have in your fire-place. It is beautiful in design and in firelight effect. It makes no work, nor dirt, nor odor. It is just pure radiant gas/heat, clean and instantaneous.

The 8-Glows "Welsbach" on account of its larger size and greater gas

consumption, is best used in a fire-place, permanently connected to the gas supply with iron or lead pipe.

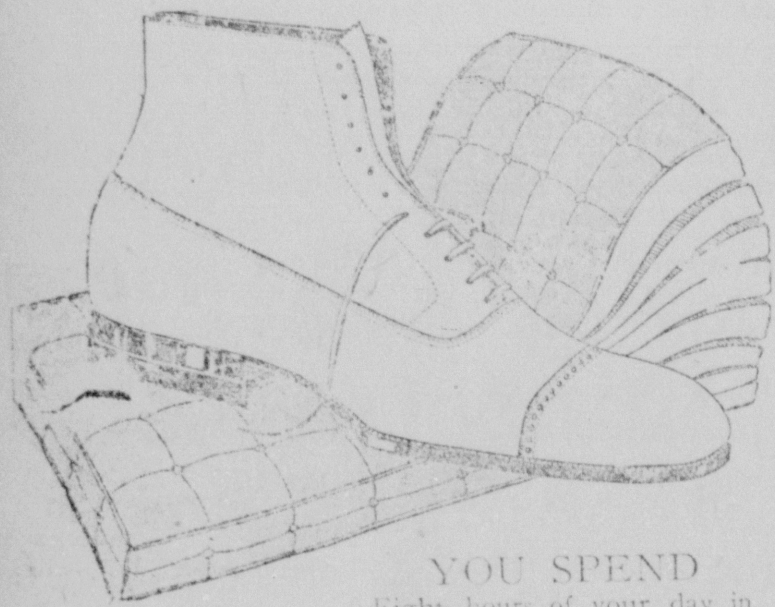

The 5-Glows and 6-Glows sizes, being smaller, may be used either in fire-places, or as portables, with detachable hose. The ideal connection for a portable gas heater is an independent gas cock, which provides a permanent gas supply for the heater, and leaves the bracket free for a gas light.

WATER EXTENSIONS WILL BE CONSIDERED

Important Question Will be Before C. of C. Forum Meeting Next Tuesday—Committee Will Make Report.

Another meeting of the forum of the Chamber of Commerce will be held next Tuesday night, when the question of water main extensions will be considered. At a meeting held some months ago the same subject was before the forum. At that time it developed that there was no question about the demand for increasing the number of mains, but there were many difficulties in the way because of the financial cost involved.

Years ago the custom was to lay water mains out of funds provided from general taxation, but this is not now the custom with the city, and water mains are generally laid under the public improvement act, just in the same manner that applies to street pavements. The discussion at that time resulted in the appointment of a committee to make an investigation and later report. This committee includes Dr. J. R. Barker, W. E. Sullivan, W. E. Boston, Ellsworth Wells and C. H. Story.

This committee will make its report at the meeting planned for next Tuesday evening. Residents on a number of streets where there are now neither sewer or water facilities are desirous of procuring both, and on still other streets where there are sewers there are no water connections, and the property owners are therefore unable to make use of the sewers. Manifestly now that Jacksonville has an adequate water supply the next forward step must be the development of some plan for extending both the water and the sewer system.

Among streets where property owners have talked about improvement of the kind mentioned are Dunlap, South Main, Edgemoor, Clay Avenue, Edgemoor and Case avenue.

SEEK TO RESTRICT SOLICITATION PLANS

C. of C. Directors Adopt Suggestion of Trade Extension Committee on Promiscuous Advertising—Regular Meeting Held.

The Chamber of Commerce directors held a meeting Thursday night. Vice-President, John W. Merigan presided, with Harold Welch serving as secretary. Routine business was transacted and then the directors gave their approval to the plan of the trade extension committee for eliminating special advertising soliciting. The directors indicated their willingness to adopt the plan by signing the agreement which the trade extension committee expects to submit to members of the Chamber of Commerce. The language of this agreement is given below.

E. H. Gray, general manager of the Railway & Light Co., had expected to be present and present the facts about the lower rates that the company is willing to put into effect. However, a message received late Thursday afternoon by Mr. Gray from the Peoria offices of the company making a change in the rates, necessitated a delay. It is the understanding that Mr. Gray's proposal will be ready for presentation by next Tuesday.

The special housing committee made a report indicating that the only feasible way at hand to increase interest in building seems to be thru larger investments in the building association now organized here or some other such organization.

A resolution was approved indicating that the directors will offer what support may be possible for any building associations that seek to encourage building here.

As a result of some discussion it is understood that the stockholders in the Anderson Controllable Light Co. will meet at the Chamber of Commerce rooms at an early date in an endeavor to finish up the preliminary steps for launching the company's business here. Some other matters were discussed before adjournment.

The agreement suggested by the trade extension committee with reference to promiscuous advertising is as follows:

"We, the undersigned members of the Jacksonville Chamber of Commerce, hereby agree and promise that we will not under any circumstances patronize any advertising scheme (newspapers or publications regularly published 12 months in the year excepted) or contribute to any solicitation for funds or merchandise, unless the solicitor presents a letter of approval signed by the Managing Secretary of the Jacksonville Chamber of Commerce.

"We further agree to display in our stores a card bearing the following:

"As a member of the Jacksonville Chamber of Commerce we are forbidden to subscribe to any special advertising or solicitation not endorsed by our organization."

Ceremonial Session Delayed to Another Date — Fine Banquet Served.

The M. W. A. ceremonies at Nortonville Wednesday night resulted in a large attendance of members of the order. The members of the Scottville team are very much interested in the work and do it exceedingly well. The team is expected to make a second visit when the candidates will be thoroughly initiated.

The group of candidates includes Messrs. Hungerford, Cline, Hays and Steele. Several Jacksonville Woodmen attended the Wednesday night ceremonies and enjoyed the splendid banquet which the wives of the Woodmen served. The visitors included County Clerk G. L. NOTICE TO MILK DEALERS.

The list of persons to whom licenses have been issued will be published March 1.

J. E. SCOTT, City Clerk.

ROADS IN BAD CONDITION

The country roads just now are said to be in a worse condition than has been true for weeks past. Travelers over the Mount road had a great deal of trouble at a point a short distance east from the "Mount." A snowdrift in the road there was very deceptive and Fred Ranson said yesterday that he had seen three cars stalled there within ten minutes' time.

STUDENT CONFERENCES PLANNED FOR FAR EAST

Dr. John R. Mott Has Sailed For
Orient—Points to Far-reaching
Significance of Conference.

As chairman of the World's Student Christian Federation and Chairman of the International Missionary Council, as well as General Secretary of the International Committee of Young Men's Christian Associations, Dr. John R. Mott, sailed from San Francisco, February 21, to attend the conference of the Federation at Peking, April 4-9, and National Christian conferences during May at Shanghai and Tokyo.

The World's Student Christian Federation represents the Christian student movements of the world, embracing nearly 200,000 students and professors in Christian association or unions in more than 2,500 universities, colleges and higher schools. Delegates from over thirty nations will attend the Peking conference, through which it is sought to exert a greater influence in promoting the Christian solution of international and inter-racial problems.

A Critical Time.

"It would be difficult to overstate the extreme importance," says Dr. Mott, "of having such a conference meet at this fateful moment in Far Eastern affairs and in the relations between Orient and Occident."

The Federation decided to meet in China before it was known that the Washington conference on Limitation of Armaments and on Far Eastern Questions was to be held. Because of that conference the coming gathering at Peking, Dr. Mott suggests, will assume larger meaning; and associations of nations or the League of Nations will be in vain, he holds, "unless their work be supplemented by the world-wide and intensive spiritual efforts of such Christian movements as the Federation. The Federation and all the National Christian Student movements of which it is composed are striking at the heart of the international problems in pressing their program, which seeks to influence a right by power human and superhuman the ideals and outlook, the attitude and motives, the ambitions and spirit of those who tomorrow are to become the leaders of the nations."

Reasons for a greatly enlarged opportunity before the Federation are pointed out in its annual call for observance of a universal day of prayer for students on Feb. 26. Those reasons include the unparalleled increase in the number of students in colleges and universities; the prevailing spirit of religious inquiry and notable evangelistic results in many student fields; the generous support of students all over the world of the Federation's relief work among students of Europe and Western Asia; and the evidences of the far-reaching influence of the Student Movements in the past as seen in the standing and influence of former members in the political life of nations, notably among the national delegations in the Washington Conference.

Significant Facts.

In discussing additional elements which give the Peking meeting greater significance in some respects than any of its ten predecessors, Dr. Mott points out that "students of the New China, as of no other country, are today streaming out over the world, and are most responsive to the voices and demands of the modern age. Contrary to popular impression, Chinese students at home, not simply those who are studying abroad or who have studied abroad, are keenly interested and concerned in international questions and international relations."

Dr. Mott called attention to the Renaissance Movement now sweeping among the studying youth of China. In a message to members of the Federation, David Z. T. Yui, General Secretary of the National Committee of the Young Men's Christian Associations of

China, describes that movement as representing a philosophical-scientific spirit in modern education, and expresses the hope that it will lead the people into a long period of enlightenment and progress as did the Renaissance in Europe several centuries ago. But his plea, and that of numerous other leaders, is that through the Peking Conference and its results the students of China must hear "a positive, convincing Christian message from their fellow students of other lands or be lost in the materialism which other western leaders have been presenting to them."

Far-reaching Effects.

While virtually every nation of Europe, North America and Australasia, and parts of South America and Africa, will be represented at the conference, it will be predominantly Asiatic. "The flower of the men and women Christian students of China, Japan, including Korea, India, Ceylon, Siam and the Philippines will be present," says Dr. Mott. "It is believed that the effect on the Federation itself will be profound and far-reaching. Without doubt the Federation is today too largely Occidental. It needs that which will come from the message, experience and leadership of the prophetic and Christlike leaders and members of the Student Movements of the East."

During the weeks following the Federation Conference the various student centers of China will be visited by international deputations of Conference delegates for the purpose of conveying to the students of China the Christian message of the Federation.

A MESSAGE TO THE CHURCHES

The Council of Church Boards of Education in its recent annual session at Chicago, called attention to the importance of Christian education through the following recommendation addressed to Protestant churches of the United States.

"When the man's got — all's got," trained leaders are essential to the realization of the Christian program. Christian education is concerned with the training of the leaders and of all who co-operate in the work of the Kingdom. The success of home and foreign missions and of all other enterprises of the church admittedly depends upon the success of Christian education."

While these truths are generally admitted by leaders of all the Churches they have not yet come to the consciousness of the entire membership as is evidenced by the fact that, while gifts for education in general have been greatly multiplied, the increase in the gifts of the churches for education under the auspices of the church has not kept pace with its increase of gifts for other philanthropic and benevolent enterprises.

In view of the situation thus briefly outlined, the Council of Church Boards of Education urges the leaders of the churches to increase the budgets allotted to educational interests as to enable them to meet their increasing opportunities and requirements. It also earnestly calls upon the members of all the Churches to give themselves in prayer and devoted activity to a nation-wide effort for the purpose of endowing and supporting their educational institutions.

tions and agencies, to the end that a sufficient number of trained leaders may be provided for the building of the Kingdom of God.

There was introduced in the senate of the state of Maryland on January 17, 1922, a bill to amend the charter of Goucher College, Baltimore. In substance, the bill seeks to go away with the representation of the Baltimore and five neighboring conferences of the Methodist Episcopal Church in the Board of Trustees of the College.

The maximum number of trustees of the College under the present charter, adopted in 1914, is thirty-three. All are elected by the trustee body itself, but eleven of the thirty-three are required to be nominees of the six Annual Conferences, or representatives of these Conferences elected by the Board in the absence of such nominations. This Conference representation has never been provided, and its annulment as a right of the Conference is sought.

Of the nineteen trustees constituting the present College Board, fifteen, including President Guth, have joined in the petition against the Conference. The four trustees who have declined to sign are: Bishop W. F. McDowell; Bishop W. F. Anderson, Ex-President, John F. Goucher, and the Rev. Charles W. Baldwin. In their several relations, these four have shared in clear and strong statements to the public of the injustice offered to the Church in the present proposal before the State Legislature, and of its danger to educational endowments, generally.

At a hearing upon the bill before the Maryland Senate Committee on Corporations, on Wednesday, February 1, Bishop McDowell, the district superintendent of the Baltimore Conference, Mr. Summerfield Baldwin, generous contributor to the College and for years the president of its board of trustees, and others, were heard in opposition to the proposed change. Dr. Goucher, who by reason of recent illness was prevented from personal attendance, sent an earnest statement of protest, which received marked attention. The petitioning trustees are to have a hearing later.

WHITE HALL RESIDENT TO BE BURIED TODAY

Funeral of Mrs. Harry W. Roodhouse to be held at M. E. Church, With Burial in White Hall Cemetery.

White Hall, Feb. 22.—The death of Mrs. W. H. Roodhouse, whose precarious condition has been upon the heart of the community for the past two weeks, occurred in Passavant hospital at Jacksonville Tuesday evening at 8:25 o'clock. With her at her passing away were her husband, Mayor H. W. Roodhouse, the son and only child, Peter Roodhouse, and her brother-in-law, Richard S. Worcester. She had been taken to the hospital on the 3rd inst., for treatment for blood poisoning growing out of an infection, and the most heroic efforts were unavailing in stemming the ravages.

Mrs. Roodhouse's maiden name was Ella Rickart, daughter of the late Joseph Rickart, coming from one of the old and prominent families of White Hall, of which the sole survivor is Mrs. R. S. Worcester of White Hall. Mrs. H. W. Roodhouse was born in White Hall September 24, 1860, she being 61 years of age last September, and her entire life has been spent at White Hall. On November 20, 1879, she and H. W. Roodhouse were married, and he and their son and only child, Peter, survive, together with one grand-son, Weston Roodhouse. The family has alternated their residence between the farm and town, but for the past several years the farm has been under the management of the son, while H. W. has devoted his attention to the grain business. He has three times been elected mayor under the most pronounced opposition, which discloses his strength with the people of the community. Much of this strength must be credited to the loveliness of character and devotion of the lady whose life history is here briefly recorded.

There are two brothers surviving, Curtis K. of Rolla, Kan. and M. R. of Kansas City. Jacob and Joseph are dead, the latter dying about three years ago, and

he was well known through his Kansas City market letters to the local press of this section. Another sister, Mrs. Pat Gowan, has been dead a great many years.

Funeral services will be held Friday afternoon, according to present plans, and in deference to the wide interest in the occasion it will likely be held in the M. E. church, to which church the Roodhouse family has always been devoted. The burial will be in the White Hall cemetery.

THE INDEPENDENT WOMAN is one of the brightest jewels which adorn our modern, economic system. WHOM WILL YOU BLAME?

Whenever a man dies in this community and leaves his family without an adequate income to live on it is a direct reproach upon the life insurance men in this community. Ours is an unending task. Add to this prejudice and ignorance and you get an idea of our job.

When people understand that life insurance helps them to do in an easier way what they are trying so hard to do, they usually take advantage of life insurance.

There are THOUSANDS of ways to MAKE money but only ONE way for your family to collect the money you failed to make because of premature death, and that is through a life insurance policy.

Deaths occur as regular as clock work in this community. You know whether your estate will support your family or not without an insurance agent telling you. BUY your insurance; don't just have it sold to you.

Our experience as life insurance men is at your disposal without obligating you in any way.

GARDNER DEED IS DECLARED VALID

Incumbent Whereby George and Ruth Bruns Became Owners of Farm Given Supreme Court Approval.

Springfield, Ill., Feb. 23.—The supreme court has rendered a decision sustaining or affirming the decree of the circuit court of Sangamon county in the case of Joseph Pillsbury, et al vs. George and Ruth Bruns, who were represented by Attorneys B. L. Catron and Thos. D. Masters.

The controversy grew out of a deed made by George Gardner to the defendants conveying to them about ninety-seven acres of land located near Bradfortown, in return for services and care given by the Bruns' to him during the latter years of his life. The bill was filed by the heirs of Gardner to have the deed set aside and claiming that Gardner was of unsound mind and that the deed was procured thru undue influence on the part of George and Ruth Bruns.

Mrs. Edw. W. Payne of this

city, was one of the Gardner heirs. The court in its decree found Gardner to be of sound mind and that no influence was used by the Bruns, to obtain the deed. The Attorneys T. W. Quinlan and Adolph Bernard for the complainants, appealed to the supreme court and that court in its decision this morning sustained the decree of the lower court and confirmed title in the grantees, George and Ruth Bruns.

PRICE OF WHEAT
AVERAGED LOWER

(By Associated Press.)
CHICAGO, Feb. 23.—Persistent
selling due to rains in the south-
west made wheat today average
lower in price. The market
declined, with May \$1.44 to \$1.44 1/2
and July \$1.24 1/2 to \$1.24 1/2. Corn
finished 1/2 to 1 1/2¢ up, oats
unchanged to 1/2¢ higher and pro-
visions varying from unchanged
figures to 3/5¢ advance.
Assertions that a wonderful im-
provement in the outlook for the
domestic winter crop has been
made by the U. S. Census and
Kansas led to material setback in
wheat prices here at the opening
but sentiment among traders be-
came divided later as a result of
talk that ice was forming over the
fields because of zero tempera-
tures which had followed the rain.
With quotations at Liverpool and
Buenos Aires showing compara-
tively steady, an upturn in prices
ensued. The rise brought
about increased offerings from
commission houses and carried
values downward again during
most of the remainder of the ses-
sion. The fact that Chicago wheat
prices were high as to encourage
shipments here from Kansas City
was responsible for some of the
selling. Notice was also taken
of an increase of 1,612,000 bu.
shels for the week in the world's
available supply total.

New high prices for the season
were reached in the corn market.
Expectation of a decided falling
off in the amount of corn arriving
in Chicago was largely respon-
sible. The oats market was gov-
erned for the most part by the
action of corn. Provisions ruled
higher in line with hog values
despite a good deal of eastern
selling which grew out of closing
of spreads between lard and cot-
tonseed oil.

LETTER FROM MISS GOLTRA.

Fort Myers, Fla., Feb. 17, 1922.

Dear Journal Readers:—

Since writing my last Journal letter as my friends at home know I have passed thru, perhaps, the greatest sorrow of my life in the loss of my mother who was my life long companion.

The loss of my sister in all her beauty at nineteen, was a great loss to both mother and myself and I suffered also in seeing my mother passing thru what seemed almost more than she was strong enough to bear. After a life of great usefulness and at its close eight years of most suffering, my mother is at rest.

After a beautiful service here conducted by the Rev. F. D. King pastor of the First Baptist church it seemed wise to send the remains home; as I was very much exhausted after fourteen days and nights of constant nursing and my aunt could not possibly return north in the cold.

Our friends here are giving us every attention, and I want to take this opportunity to thank the many friends at home and elsewhere who are readers of the Journal for the many letters of sympathy which they have so kindly sent.

I hope before many days to be able to write a Journal letter and that it may take with it a ray of the warm sunshine of Florida.

Respectfully,
Mabel H. Goltra.

HARVEY'S BOY BAND APPEARS IN CONCERT

Merritt, Feb. 23. — Harvey's Band gave their initial concert here at the M. E. church Wednesday evening to a splendid audience. The band is composed of twenty-two boys whose ages range from 10 to 23 years. The boys presented the audience with about a dozen numbers all of which were greatly enjoyed.

In addition to the band numbers there were readings given by Miss Eunice Williamson of Jacksonville and Miss Martha Leach of Winchester. Russell Harvey, the leader of the band favored the audience with a violin solo.

It is planned to consolidate this new junior band with the Merritt Concert band in the near future and this will give Merritt one of the representative musical organizations of this section of the state. Russell Harvey is the director of both organizations.
